

AirZone

Quality essential oils Odour Control

Your first impression of a washroom is based on the fragrance or odour you encounter. Since even the cleanest washrooms are susceptible to foul odours, an effective high quality Air care dispenser is essential. Air care dispensers eliminate unpleasant odours, leaving the washroom with a clean, fresh fragrance. The Air care refills give a fresh, clean-cut aroma which makes your washroom experience a satisfying one!

High quality

Airmergy fragrances are made with essential oils to give a long lasting and enjoyable fragrance.

Variable Spray Intervals

The Air care dispensers include a Time Set Control that can be set to dispense at any interval, from 5 to 25 minutes apart. This means you only spray as often as the room size or malodor dictates.

Customized Dispensing

Our Air Care Dispensers allow you to truly customize the amount of air neutralizer you dispense according to the size, shape and air turnover of a room, or the level of fragrance intensity needed for complete odor control.

Metered Sprays Guarantee Performance

Airmergy captures the fragrance in a sealed container. Each timed spray is of identical fragrance intensity time after time.

Available in 4 fragrances

Lavender
Pot Pourri
Citrus Zest
Vanilla Bouquet
